

Cooper

Headquartered in Lexington, SC, the Cooper Power Tools division serves primarily the global automotive, aerospace, energy, and general industry markets through 17 manufacturing and sales/service facilities with over 1,500 employees located in the Americas, Europe and Asia Pacific.

For over a century, we have been expanding our global presence and product offering. Providing choices that our customers expect and deserve.

Cooper Power Tools can meet any technical or product challenge with effective solutions, wherever they may be required. Our broad offering of application oriented products, the teamed experiences of our engineers and designers, our quality conscious production and service personnel, together with the results of our research and development programs, enable us to provide meaningful productivity gains and service to our customers.

Cooper Power Tools offers a complete line of quality industrial tools and accessories some of the most powerful and highly respected brands in the industry.

Cooper Industries, Ltd. is a global manufacturer, with 2007 revenues of \$5.9 billion, approximately 87 percent of which are from electrical products. Incorporated in Bermuda with administrative headquarters in Houston, Cooper employs approximately 31,000 people and operates eight divisions: Cooper B-Line, Cooper Bussmann, Cooper Crouse-Hinds, Cooper Lighting, Cooper Safety, Cooper Power Systems, Cooper Wiring Devices and Cooper Tools Group. Cooper Connection provides a common marketing and selling platform for Cooper's sales to electrical distributors.

Cooper Hand Tools serves the industrial, commercial, and consumer markets with a wide offering of market-leading hand tool, chain, electronics, and specialty products.

Cooper Power Tools serves Aerospace, Motor Vehicle, and General Industries with a full complement of innovative D.C. electric and pneumatic industrial power tools.

About Cooper Hand Tools
